Dear Rae,

Michael and I have so enjoyed getting to know you and your mission for Zenitheve Music Festival. You clearly have the passion, determination and know-how to execute a breakthrough women's festival event. However, after discussing internally and understanding Live Nation's history in trying to bring similar events to life, we are going to pass on being involved this year. We would very much like to see where the event takes you this year and keep the lines of communication open. Hoping there is an opportunity down the line for us to work together. Please do stay in touch with us and do not hesitate to reach out with any questions.

Best,  
Carrie & Michael
